

THE INTERIOR JOURNAL.

VOL. XXXIII.

STANFORD, KY., TUESDAY, NOVEMBER 14, 1905.

NO. 70.

REV. O. M. HUEY.

Pastor of the Stanford Baptist Church, who has accepted a flattering call to the Baptist Church at Somerset.

Upon invitation of the deacons, Rev. Huey came to this city last Friday and conferred with them in regard to the matter and filled the pulpit of the church Sunday morning and evening and also at the chapel in the afternoon. Our people were greatly impressed with his three sermons here. At the close of the night service a meeting of the church was held, and by a rising vote Mr. Huey was called. He is a vigorous preacher and a strong character in organization. He is a worker, earnest and untiring, and will accomplish much good in this city. Only a few days before he was called here, the church at Harrodsburg had extended a call to him to come to that city to succeed Rev. W. M. Wood, who has resigned there to accept a call to the first Baptist church in Covington. Mr. Huey, after carefully considering the two

places, decided that the field in Somerset was more in need of his services and that he could accomplish greater things here. Mr. Huey will be given a most cordial welcome to this city, not only by the members of the Baptist church, but by all denominations and the people in general. He and his family will occupy the parsonage on College Street. At the service Sunday night there was one addition to the church, Mrs. Frank Gover, who was converted under the powerful sermon delivered by Mr. Huey.—Somerset Mountaineer.

FRIENDS here of Mr. Samuel M. Wilhite, and they are legion, will be glad to know that he will continue as Controller under Mayor Paul C. Barth, of Louisville. "Mr. Wilhite has done the work of the office so thoroughly that there has been no question of retaining him if he so desires," says the Courier Journal.

Paynter Beyond Peradventure.

It seems to be all over but the shouting. Judge Paynter will be the next United States Senator as sure as gun's iron. Of the 106 democratic members of the Legislature he has 83 irrevocably pledged to him. He will be nominated on the first ballot in the caucus, if, indeed, his nomination is not made by acclamation. Many claim that Senator Blackburn will make a virtue of a necessity and gracefully retire from the contest, while others recall the contest with Cero Gordo Williams when he started out with only a handful of votes and won out finally. What has been done they say can be done again, but there are exceptions to all rules. The game played 20 years ago can not be played successfully now, and Judge Paynter will not be robbed of a victory before the people as the hero of Cero Gordo was, by getting a number of men to enter the race and after excitement and bad feeling is engendered, switching them to Blackburn. The Paynter managers have the goods, and they are going to be delivered. The Judge will succeed Mr. Blackburn in the United States Senate and that's all there is to it. Further fight on Mr. Blackburn's part will be futile.—Frankfort Journal.

BETRAYED.—The weak-kneed republicans of Casey fall in line with the democrats and sweep the majority from most of the party nominees. W. C. Cundiff only gets there by 40 votes, while Lincoln Wells' majority will be about 50. M. L. Sharp defeats Judge Rains by 190 majority; Chas. F. Montgomery defeats J. C. Lay for Attorney, and J. Sherman Lawhorn defeated Henry Thomas for Superintendent by similar majorities. The democrats make wholesale use of money and whisky and control the float. The true-blue republicans believe their majority was destroyed by bolters and floaters. Envelopes with transfer paper was used with the unlearned.—Casey County News. Brer Thomas seems a bit sore.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the remedy for coughs and colds. Penny's Drug Store.

Bobbitt On Circuit Court And The Recent Election.

Circuit court is now in session. The regular judge (Bell) being indisposed, Hon. P. M. McRoberts has presided most of the time with much dignity and signal ability. The attendance on the court has been large every day. There are many important cases, civil and criminal. We will not get through in three weeks.

Great surprise is expressed at the tremendous democratic majority. The republicans are mad all over the county, especially at Crab Orchard, Waynesburg and Highland. The rank and file of the party wanted a full ticket nominated; and when they could not get it, many of them to my certain knowledge, voted the democratic ticket, especially at Crab Orchard. I have not voted the ticket complete in a county race before in 20 years. This time I, and my George Holmes' friends voted it from Alpha to Omega, and it was this independent vote aided by the mad and disappointed republicans that ran the democratic majority beyond the high water mark of all past time. Now I hope the democratic officials will give service so faithful and acceptable that elections in this county and State will hereafter be merely formal. Why didn't you all serve the people like Cooper—so well and so faithfully that neither party nor the people can do without you? Be faithful, be honest, be true, be impartial, be in your office when hunted for!

Democracy comes from two Greek words, demo—the people, and cratos—power. Power in the hands of the people. There is where it should reside forever. Look at the people even in the mean State of Ohio, how they rose in their majesty and shook off the tyrants and turned a republican majority of 250,000 into a democratic majority of 55,000. Look at my native county, Pulaski, turning a republican majority of 2,000 into a democratic victory of more than 300. Look at Whitley with an astounding majority of 2,800, electing an independent ticket and defeating the rings and bosses. This shows that the people can and will correct all wrongs. They sometimes are a long time about it, but the mills of the Gods are always grinding and grind very fine. FONTAINE FOX BOBBITT.

TO WEAK WOMEN Of Stamford We make the Following Proposition.

"There are hundreds of women in this vicinity who are dragging themselves through life in pain and misery, without vitality, strength or health," said Mr. Penny, of Penny's Drug Store. "They get no happiness out of life and are just in a condition to be attacked by almost any disease. They need a vitality-making and strength-creating tonic."

"Now at our expense we want to ask every such woman in Stamford to try our cod liver oil preparation, Vinol, which contains in a highly concentrated form all of the medicinal elements of cod liver oil, but no oil or grease. It is delicious to take, creates a healthy appetite, makes pure, rich, red blood and gives strength and vigor to every organ of the body better than any medicine we have ever sold in our store, and when a woman is in poor condition it makes life worth living. When we say 'at our expense,' we mean that if the medicine you buy from us and pay for does not benefit you, we will refund every cent paid us for it."

Miss Mary A. Woodward says: "I think Vinol is the best remedy in the world for a weak, tired, worn-out system. I was just in that condition when I commenced to take Vinol. It gave me new life and energy. I feel well, strong and better than I have for years."

"We can only ask Stamford women to try Vinol on our guarantee. Penny's Drug Store."

James Speyer, of New York, has given to the trustees of Columbia University \$50,000 to endow the Theodore Roosevelt chair of American history and institutions in the University of Berlin. The German Government will in turn establish at Columbia University a professorship of German history and institutions.

I must, therefore, this morning just say to you what the Lord has put into my mouth, but I trust I shall come this afternoon better provided."—Tatler.

The Interior Journal.

E. C. WALTON.

WHILE we regret that a republican was elected mayor of Owensboro, we are glad that so excellent and decent a one as W. M. O'Bryan was chosen. We have known him for years and can testify that he is honest and incorruptible and a gentleman in all the word implies. Mr. O'Bryan was agent for the L. & N. at Crab Orchard for many years and while stationed there married a Miss Dillon, who has since died. "Meigs," as he is familiarly known, is a fine fellow and his friends here, irrespective of politics, send congratulations to him on his success in the political arena. Mayor of Owensboro is no small office but Mr. O'Bryan is big enough to fill it and fill it creditably.

OHIO is a peculiar State. Last year it gave Roosevelt 255,421 plurality and elected by large majorities nearly every republican who ran for office. This year John M. Pattison is elected governor by 40,000 or more, with all the democrats who ran with him. Locally this means much for the Buckeye State, but so far as the country is concerned it does not amount to much. Ohio never goes democratic in late years when a president or a United States Senator is to be chosen. The Legislature will be largely democratic, but successors to neither Senators Foraker or Dick are to be chosen by it.

THAT the republicans of Massachusetts are for a revision of the tariff is shown in the vote for governor. He was elected by a plurality of 23,116, while the candidate for lieutenant governor, who is a stand-patter, only got 1,996, and would have probably been defeated had not the democratic candidate been personally unpopular. The railroad vote and the tariff question promise to disrupt the republican party.

Gov. HERRICK says he has no apologies to make for his record as Governor of Ohio. None is necessary. The fact that he was elected by over 113,000 majority and defeated for reelection by a majority in the neighborhood of 50,000 shows that the people have sized his record up pretty accurately and that an apology for it would do no good.

POLITICAL.

William R. Hearst offers \$27,000 for the conviction of the first Tammany man for election crookedness.

The Federal grand jury at St. Louis returned another indictment against Senator J. R. Burton, of Kansas.

Judge H. Clay McKee, a prominent republican of Mt. Sterling, has announced for Congress in the 10th district.

Gov. Wallace Hoch, now the chief executive of Kansas, the State of sun-flowers, was born and reared in Boyle county.

Mayor Tom Johnson, of Cleveland, has appointed an anti-suicide commission, intended to check the carnival of self-destruction in Cleveland.

On the ground that he suspects fraud, Sheriff Chrisman, of Jessamine county, refuses to sign the election certificates in one of the wards at Nicholasville.

Gov. Pennypacker, of Pennsylvania, has issued a proclamation calling an extra session of the Legislature for January 15, to consider reform legislation.

William R. Hearst is said to have spent \$500,000 in his campaign for Mayor of New York, and it is believed that Tammany spent almost a round million.

In a statement given out at Atlanta, Richard Cheatham says the latest cotton report is the result of spite-work, and hints that startling exposures will be made by Congress.

Tammany insists that a former decision of Judge Alton B. Parker, prohibiting the opening of ballot boxes, is still the law and this prevents William K. Hearst's attempt for a recount.

Munnell Wilson, of Madisonville, who was elected to the Legislature by the democrats of Hopkins county last week, has announced himself as a candidate for Congress in the Second district.

Practically complete returns from the Ohio elections show that the Republicans have elected all the minor State officers. Both Democrats and Republicans are still claiming a majority in the Legislature.

One result of Tuesday's elections over which all honest Kentuckians, of whatever politics, can rejoice, is the defeat of Jim Hargis and his gang in Breathitt. Not only that county, but the entire State, is to be congratulated on the expulsion of this crew from the offices which they have so unscrupulously perverted to their own desperate and depraved ends.—Courier Journal.

In Whitley county Rachel Tye, Jack Hamblin and L. D. Sullivan, independent, received certificates as School Superintendent, Jailer and Assessor. John Lovitt, M. B. Jones, Republican nominees, received certificates for County Judge and Sheriff. The Court-house precinct was thrown out for failure of the officers to sign the certificate. It would change the result in the Judge's and Sheriff's race, electing R. C. Browning Judge, and W. B. Croley Sheriff.

Mayor Dunne announces that he will present another ordinance to the Chicago Council for the purchase of the street car lines by the city.

101 Years Old And Rejoices She Never Wedded.

Miss Eliza Williams, of Kokomo, Ind., the oldest unmarried woman in the United States, was 101 years old Wednesday. She is confined to her bed with a crushed hip, the result of a fall a few days ago. Until this accident she was able to walk about with the assistance of her cane, and the first to arise about the household, generally dressed herself undaid.

Miss Williams did all her own sewing until two years ago, when she was persuaded to give up everything of that kind, she being assured that she had done all that was expected of her. She performed all the duties of her household until five years ago.

Miss Williams is as clear in mind as ever in her lifetime, and to prove that she was not growing childish committed a hymn to memory.

She is now at the home of her favorite nephew, O. A. Somers, whom she taught his letters. She made the journey to his home late in the summer by carriage and rail. She had hoped to be able to return there soon, but probably will never be able to now.

She has always prided herself that she never went with the same man twice in her life. She received one proposal. An admirer obtained permission to call on her once and proposed on the spot, but was rejected and never allowed to call again. Miss Williams says God never intended her to marry. She cares for the men only who are relatives. Some time ago she refused to attend a picnic because she would have to be assisted in an out of the buggy by strange men.

No. 14.—150,000 acres of cotton land in Mississippi
There is no section of country which offers so many
opportunities for profitable investment as the Missis-
sippi Delta which is now fitly described as "Pros-
perity Valley." The timber is becoming more valuable
all the time for the reason that lumber people
from the North (where the supply of timber is fast
diminishing), are constantly increasing their pur-
chases of timber lands in the South. When the tim-
ber is removed the land is unequalled for agricul-
tural purposes. It will produce a bale of cotton to the
acre or will grow any other kind of crop raised in
the temperate zone. The soil needs no fertilizers and
gives a yield which cannot be exceeded elsewhere in
the title is perfect and the man who buys Delta farm
and timber lands at present prices is making an in-
vestment that he will never regret. This land is di-
vided into tracts ranging from 40 acres to the price
17,000 acres to the tract and prices from \$8 per acre
to \$16 per acre, according to location, etc. We
are authorized by the company who own these lands
to state that as other parties are considering the
purchase of these lands that we offer these tracts sub-
ject to prior sale, withdrawal from market or change
in price without notice. However, when notified,
